

COURSE SCUBA RANGER

The program SCUBA RANGERS was created to enable involvement of children in diving activities, by means of which they can acquire new life experiences. The SCUBA RANGERS program offers to children knowledge and skills that are necessary for a safe diving, which will entertain them and appeal to them. The lessons take place not only in pools and open waters, but also provide children with required amount of knowledge and skills such as in the course Open Water Diver, but it is adapted to the children's level of understanding. Children, who learn to dive according to the Scuba Rangers program, develop their self-confidence, discipline and self-respect. The program also stimulates children to achieve the given objectives by means of work, self-control and entertainment. Participation in the club Scuba Rangers gives children the possibility to learn more about the world around them, to meet new interesting people and friends and to deal with something that they did not think possible until recently. The training is provided in an entertaining and playful manner, which brings excitement, energy and sensual pleasure to children.

ZÁBAVA

CAPTAIN KELP:

When the cistern ship transporting hair gels inattentively released its cargo into the forest of seaweeds along the Californian coastline, a mysterious chemical process occurred. Thus the captain Kelp was born. He is a leader of Scuba Rangers and although he was born due to human carelessness, he strives for protection and preservation of clean sea.

SPINER:

Spiner is a little sea devil, who waggles, twirls and thereby he moves in the sea depths. He is looking for entertainment. Spiner is always searching for bold Scuba Rangers, who are ready to play with him under water.

ZÁBAVA

PUFFER:

Puffer is a madcap and does not respect any rules. He has an impulsive character and he can puff in any moment. He represents a bad balance, so he needs to always say to himself: “ Be calm and never hold your breath.”

HAMMERHEAD:

This sea dog with a head as a hammer is the most obstinate and headstrong creature from all the sea inhabitants, whom you will ever meet. His stubbornness always involves him in problems. That is why you should never behave like Hammerhead. Learn how important the teamwork and cooperation is.

ZÁBAVA

CHIEF LIEUTENANT:

After he had proved many times that he is exceptionally brave, the lieutenant

received a medal and he became a leader of Scuba Rangers. He emits various diving rules, such as for example: “ always breathe regularly from your regulator.”

STAR SCUBA RANGER:

The Star Scuba Ranger symbolizes assets of a Scuba Ranger! Each tip of the star contains a word, which describes the basic features of a Scuba Ranger. These are: KNOWLEDGE, SKILL, EQUIPMENT, RESPONSIBILITY and EXPERIENCE. The Star Scuba Ranger is important, as it reminds you of what you have achieved, how difficult it was, and it shows it to others.

CERTIFICATION

TRAINING

The program SCUBA RANGERS is designed for children at the age of 8 to 12 and takes place in groups from 3 to 5 students. A large assortment of teaching and complementary materials is available. The course usually takes place in the pool, exceptionally in a protected water in sea, which is of course more entertaining for children.

Children will gradually learn the following skills in individual lessons of the course:

- swimming, diving backward and providing first aid
- knowledge of diving equipment and diving with it into the pool
- practical knowledge of diving skills, control of balance under the water

- purposefully coordinated movement under the water
- learn to perceive the underwater world and life of sea animals
- learn a lot of basic knowledge about diving and about impact of the water environment on Man
